Houston Area Woodcarvers

Change of Meeting Date for January:

In January we will meet on the 2nd Saturday, **January 12th**. The third Saturday was not available due to the holiday.

Christmas Party and Carving Exchange

The annual Christmas Party will be **December 15th**, this Saturday, at Bayland Community Center. Please bring food, and if you want to participate in the carving exchange, a wrapped carving.

The club will provide sandwich

meat, bread, condiments, coffee, tea, disposable plates, cups and silverware. You may bring side dishes, desserts and other goodies.

We will have the carving exchange during the meeting. To get a carving, you must bring a

wrapped carving that you or your loved one has carved. All levels of carvers are encouraged to participate. This has been the highlight of our celebration in years past, so we encourage everyone to join the fun.

We'll see you at the party!

Welcome to Visitors:

Welcome to first time visitors Richard Storm and Jonathan (did not get last name). Also it was good to see second time visitor Bruce Pershall.

Auction/Swap January:

In January we will have an auction to raise funds for our charities. Please bring tools, blanks, rough outs, wood, books, magazines and other items you would like to donate.

Elections in January:

Elections will be in January. Remember the meeting time has changed to January 12th. If you are interested in any positions please see Ronnie Boston. We will need a volunteer for Treasurer.

Woodworkers Show:

The woodworkers group will take over the show this year and need our support to make it a success. The show will be at

the Pasadena Convention Center on April 12, 13 and 14. It will include crafts people and you may sell your carvings if you have a booth. To find out more about getting a booth, contact Tim Schulte ad 713-503-2284, or go to the website at texaswoodworkersshows.com.

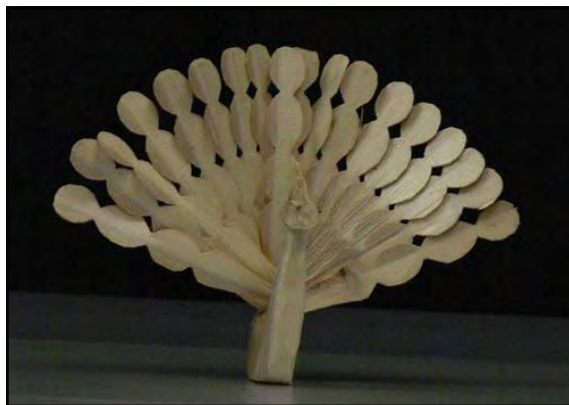

Class Instructors:

Please see Pat Felder to sign up to teach a class in 2013.

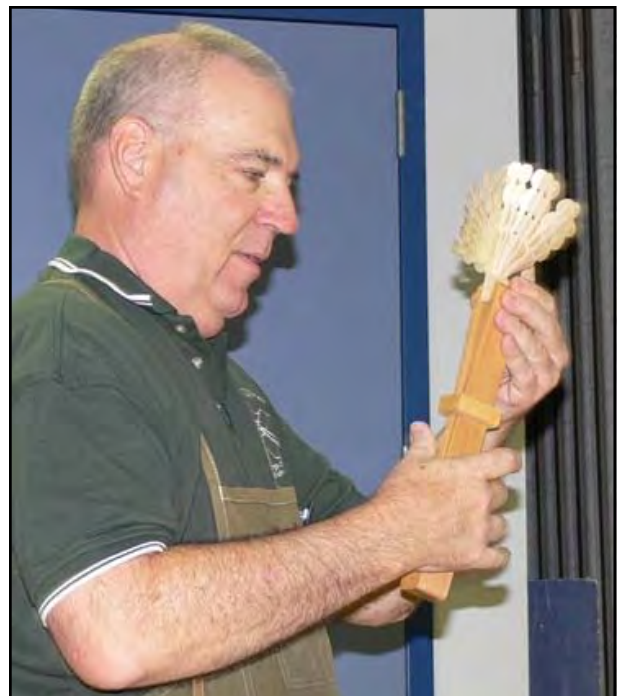

Show and Tell

Charles Glass carved this found wood. Some kids told him it looks like a stick; he says it's art.

Fred Childers carved this fan bird peacock. He used a clamp to make a fan out of it. The clamp is also good to use to hold the fan bird while carving.

Photos from the Show
