## Fan Birds with Fred Childers

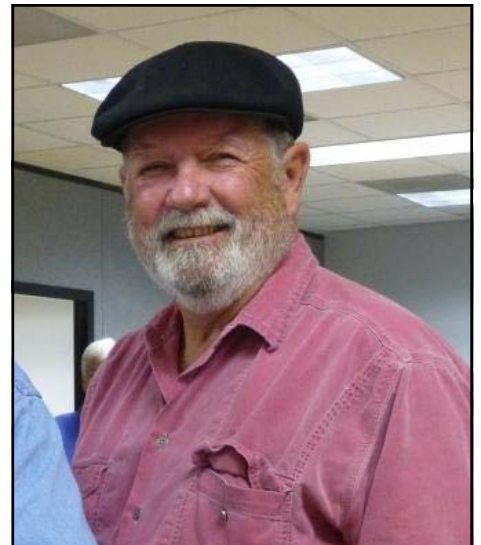

This Saturday Fred Childers will teach us how to carve a fan bird. This is lots of fun and anyone can learn to carve them. See Photo.

## Bark Carving with Mike Moeskau

Mike Moeskau will teach bark carving this Saturday. See Mike for details on the project.

## President's Message

Hi Everyone,

Time to get together for our monthly meeting. I saw many of our group at New Braunfels for the TWG rally, there will probably be many stories to be told.

Many thanks to JoAn for stepping in to cover Bob's spoon project last month. Members helping members is one of the main corner stones of our club.

The idea of having a garage sale at the June meeting was brought up at our last meeting, I am thinking we can decide for sure at this one.

Speaking of this meeting, Fred Childers is signed up for the project this month and he will be doing fan - birds. What's a fan- bird ? Get there early for a seat and add this new skill to your list. They make a very unique decoration.

As always, I am looking forward to seeing everyone this Saturday.

Joe
