President's Message

Hello fellow Woodcarvers,
I hope this message finds you safe and sound! There has been a lot of high water around town, and I hope that you are safe!

I've been thinking about the value of the carving club lately. One of the things I appreciate the most about our group is the fellowship of people that are not a normal part of my life! You're not my work folk, you're not my church folk, you are a part of my life that comes from the mutual interest of wood carving. That's a very special aspect of our craft. Some of you carve for relaxation, some as a form of meditation, some carve for a creative outlet, some are constantly challenging

themselves to perfect the craft. Whatever the reason, it has brought us together as a cohesive unit, for that I am extremely thankful.

We are missing a number of members since the pandemic, and believe you me, I DO miss them! I have high hopes that they will return, things are not the same without them!

As a reminder, The Woodworking Show will be happening June 21st -23rd and we have committed our club to man a booth during the duration of the show. I brought a sign up sheet last month looking for volunteers and we are partially there. I will have the sign-up form available this Saturday and would like for

you to check your schedule to see if you are able to help out. This is a time to show off some of your work as well as the opportunity to share with others your passion for carving!

We will be meeting at the Trini Mendenhall Community Center at 1414 Wirt Rd on Saturday May 11th from 9-2.

I look forward to seeing you there!

Kenan

P.S. Don't forget to bring your Show and Tells! 😊
