2-Day: \$100 plus \$5 blank

Participants: Maximum 12, Minimum 6

Skill Level: Beginner, Intermediate & Advanced.

Tools required: Glove, Carving Knife, Palm Tools, V Tools, Gouges, etc.

Emphasis is on teaching caricature techniques and skills on facial expressions. Learn the concepts of how to design, layout and carve a face. The project will be learning how to layout and carve a face out of a block of wood 1 ½" x 1 ½" x 5". Or if you have a project of your own that you need some help with, bring it to the class. We can work on that too.
